

# VODIČ PROMOCIJA ZA STUDENTSKU MOBILNOST

## Student Mobility Guide

Erasmus Student Network in Serbia published [Student Mobility Guide](#), as a basis of knowledge and experiences with regard to academic development of youth abroad. The goal of this Guide is to introduce mobility programmes to Serbian students, present the programmes offered and convince them that participation in mobility programmes is not so complicated.

Why is mobility important? Benefits of participating in mobility programmes are countless, and, according to [research](#) carried out by the European Commission, 80% of alumni find a job in their domain of expertise within 3 months upon graduation. Apart from developing themselves professionally, students also have the opportunity to improve their 'soft skills', such as their knowledge about other countries, interact and work with people with various cultural backgrounds, become more adaptable, enhance their language skills and refine communication skills.

This Guide has been published by the [Erasmus Student Network in Serbia](#), with the support of the [Delegation of the European Union in Serbia](#). In this way, the Erasmus Student Network in Serbia wishes to encourage young people to get out of their comfort zone and try out some new things they thus far have considered unavailable.
